CERTIFICATION INFORMATION

The ABS™ online certification course consists of theoretical components, training video modules, a written test and a practical evaluation. You will have a period of six (6) weeks from the purchase of your online course to complete the written test and submit your video for evaluation to the online portal. The video will be evaluated by an Aqua Body Strong™ certified Master Trainer. You will be evaluated on technique, musicality, sequencing and cueing. The master trainer will provide both positive feedback as well as areas that may need improvement. If you do not pass the first time, you will be given one attempt to re-submit a new video within a period of 1 month.

After a second failed attempt, you must register and complete an on-site, in-person Aqua Body Strong™ teacher training. We will credit you the cost of your original online certification training towards your in-person certification training.

We do not endorse the use of any water fitness board/mat equipment that is not an Aqua Body Strong™ brand. This program has been developed, tested and administered to adhere to Aqua Body Strong™ equipment only. Performing the learned movements of this program on copycat boards will not be executed in the same fashion and many results in injury to the instructor and participants.
